

Model M-102-3

Single Ear Mono Earphone for Use with Monaural Audio Equipment

Mono Earphone with Single Earpiece with a 3-foot Cord

SKU# M-102-3

FEATURING

- Single-Ear Mono Earphone with 2-conductor 3.5mm mono plug with 3-ft Cord
- Commercial grade mono earphone is economically priced for Consumers and discount priced in larger quantities for large scale buyers
- Silicone rubber eartip comfortably blocks out noise for those using the earbud for long periods
- Compatible with most hearing assist products, such as Williams Sound Pocket Talker, Nady Pocket Talker Ultra, Pocket Talker Pro and Telex Soundmate

Circular Zippered Carrying Case

- Just the Perfect Size to Cleanly and Safely Store your Earphone to Protect it When Not in Use
- Zips Completely Open for Easy Access
- Ballistic Nylon Case is Made to Hold up to Rugged Every Day Use
- Heavy-Duty Snap Clip will Easily Attach to Backpack, Belt-Loop or Purse
- Web Pocket for Storing Earphone or Eartips

FEATURES

- This mono earphone has an extra long cord that will reach an audio jack up to 6-feet away without the need for an extension cord
- Reasonably Priced Mono Earbud that can be purchased in large quantities with special bulk rate pricing
- Earphones are sold in individually packaged poly bags so the earphones are fresh and new for each user that opens the bag
- Fits most portable electronic devices, such as cassette players, portable TV's, AM/FM radios, Hospital Bedside Television Sets

COMPATIBILITY

- These MONO earphones are compatible with many types of audio devices that accept a 3.5mm 2-conductor audio plug
- Audio Plug is 1/8 inch in diameter, which is the equivalent to 3.5mm
- The angled audio plug takes the strain off of the cord near the plug and keeps the cord off to the side of most audio devices to keep from damaging the plug and jack
- Frequently used by hearing disabled persons, audio/visual labs and churches with hearing assist devices
