

Model MEP-201ML

1-BUD® Mobile-Left Earphone with Zippered Carrying Case and Eartips

SINGLE-EAR STEREO EARPHONE is COMPATIBLE WITH CELLULAR PHONES

SKU# MEP-201ML

FEATURING:

- Single-Ear Stereo Earphone with 4-conductor 3.5mm stereo plug with 4-ft 5-in Cord
- Uses Patented Technology to Mix both Channels into the Single, Left Earpiece
- Comes with 3 Eartips - The Medium "Standard" Size Eartip is on Earphone and the Large and Small Eartips are Easily Installed to Customize a Comfortable Fit in Any Ear
- 1-BUD® Earphone is Compatible with most Stereo and Mono Audio Devices including the iPhone, iPad, iPod and most Tablets, Cell Phones, Laptops and MP3 Players
- Twin Earpiece Openings Deliver Mid and High Frequency Sound into the Ear Canal and the Deep Bass Sound from the Face of the Earpiece
- Balanced High-Quality Stereo Sound in a Single Earbud Style Earpiece
- Built-in Microphone and Push-Button Switch to Answer Phone Calls Seamlessly
- Compatible with Apple 3.5mm-to-lightning adapter for newer iPhone models that do not have a 3.5mm audio jack (push-button does not work with lightning adapter)

Circular Zippered Carrying Case:

- Just the Perfect Size to Cleanly and Safely Store your Earphone to Protect it When Not in Use
- Zips Completely Open for Easy Access
- Ballistic Nylon Case is Made to Hold up to Rugged Every Day Use
- Heavy-Duty Snap Clip will Easily Attach to Backpack, Belt-Loop or Purse
- Web Pocket for Storing Earphone or Eartips

FEATURES:

- Single-Ear stereo earphone combines the sound of both audio channels into the LEFT Earpiece
- Earphone driver produces pure sound quality with exceptional clarity
- Soft silicone rubber eartip is angled to comfortably deliver the sound while holding the earbud in place
- The earpiece is very comfortable and the silicone eartip helps to passively block out external noise sources
- Gold-Plated Plug will not oxidize and the plug will maintain contact if you move about
- Standard "Medium" Size Eartip comes on earphone; An additional large and small eartip is provided so the user can customize the fit for any ear size
- Flexible Heavy-Duty Cord

COMPATIBILITY

- Apple iPhone, iPod, iPad
- Compatible with all audio players that have a 3.5mm audio jack
- Slim profile straight plug fits through external equipment cases
- Use earphone with MP3 Players, tablets and all types of devices that accept a standard 3.5mm (1/8-inch) audio plug
- Compatible with iPhone 7 and newer models when used with 3.5mm-to-lightning adapter, however push-button will not function with adapter
- 4-foot 5-inch cord will easily reach a mobile phone that is in your pocket or back-pack, and this makes it an excellent length for bicyclists
