#### FEATURING

- Ergonomically deigned earpieces naturally rest in the cusp of your ear
- The rubber eartips angle down into the ear canal and the angular fit, actually holds the earpieces in place without exerting any pressure on the ear
- These earphones come with medium eartips on the earphones, as well as a set of Large and Small size eartips, so you can adjust the fit that works best for your size ear, making these earphones one of the most comfortable earphones available
- Twin Earpiece Openings Deliver Mid and High Frequency Sound into the Ear Canal as Deep Bass Sound emanates from the Face of the Earpiece to make you feel like you are surrounded by the music at a live performance
- Balanced High-Quality Stereo Sound to enjoy your favorite music while riding on the train, sitting on a plane or relaxing while listening to your favorite podcast or audio book

#### Circular Zippered Carrying Case

- Just the Perfect Size to Cleanly and Safely Store your Earphones to Protect them When Not in Use
- Zips Completely Open for Easy Access
- Ballistic Nylon Case is Made to Hold up to Rugged Every Day Use
- Heavy-Duty Snap Clip will Easily Attach to Backpack, Belt-Loop or Purse
- Web Pocket for Storing Earphone or Eartips

#### FEATURES

- Wired stereo earphones with 3.5mm 4-conductor plug & heavy-duty cord
- Earphone driver produces pure sound quality with exceptional clarity
- Soft silicone rubber eartip is angled to comfortably deliver the sound while holding the earbud in place
- The earpiece is very comfortable and the silicone eartip helps to passively block out external noise sources
- Gold-Plated Plug will not oxidize and the plug will maintain contact if you move about
- Standard "Medium" Size Eartip comes on earphone; An additional large and small eartip is provided so the user can customize the fit for any ear size
- Flexible Heavy-Duty Cord

#### COMPATIBILITY

- Can be used with Apple iPod, iPad and the Apple iPhone
- Also compatible with Blackberry Curve, Samsung Galaxy 5 and most cellular phones and audio equipment with a 3.5mm headset jack
- Wired Stereo Headset Earphones with 4-conductor 3.5mm plug and heavy-duty cord
- includes an in-line microphone and push-button switch
- Uses the CTIA type 4-conductor plug standard, making it compatible with iPhone models 3G thru 6s+. For iPhone 7 and above, you can use an Apple 3.5mm-to-Lightning adapter for cell phone voice communications and audio delivery
